

2022: Intensive German Courses

As we cannot foresee what the containment decree in Hamburg will be applicable at the time of your course start, your course may take place either online or as a classroom course.

The intensive courses help you get into the German language and culture swiftly and successfully. Our keen and proficient language trainers teach in small groups and give expert support for the four language skills listening and reading comprehension, writing, and especially, speaking. They use teaching books especially designed for your particular language learning level, adding other up-to-date training materials.

Being an authorized examination centre we have aligned our German language courses with the examinations for the telc and the TestDaF exams. Our language trainers hold an invigilator's license and have extensive experience with TestDaF preparation courses.

At levels A1 to B1 our courses run for 20 class hours weekly. To prepare you best for your studies or your professional career, we run our courses at levels B2 and C1 for 25 class hours per week.

HINT: One level takes 8 weeks to finish at our school.
